

Adobe Installation Instructions

Installation instructions

If you do NOT have the software installed, follow these steps.

1. Visit <https://creativecloud.adobe.com> and enter your UCI email address in the format UCInetID@uci.edu and then select Continue. NOTE: Do not click the other buttons to sign in with a 'social login' such as Google or Apple. Also, do not enter your my.name@uci.edu as it will not work.
2. When prompted, select "Company or School Account".
3. You will then be taken to the UCI Log in page. Enter your UCInetID and password to continue.
4. On the right under the "Quick Links" heading, select Install Creative Cloud app.
[Adobe Quicklinks - Install Creative Cloud app](#)
5. The Creative Cloud setup file will download. Double-click to run it and follow the prompts to install the Adobe Creative Cloud app.
6. After the install is complete, return to the "**Sign in instructions**" above.
