Popup Window Problems

Possible Ways to Fix:

- If the popup window for login disappears, check the browser auto-popup settings.

- https://community.cisco.com/t5/vpn/issues-with-embedded-anyconnect-web-bbrowser-and-webview2/td-p/4756802 (Reinstall Microsoft WebView)

- Delete all files and folders under the following path, where **[USER NAME]** is the name of your local user account:

  C:\Users*[USER NAME]**\AppData\Local\Cisco\Cisco AnyConnect Secure Mobility Client*.**
