Click Emails/Handlers

The **Emails/Handlers** page allows additional actions and behaviors to be processed when a webform or submission is created, updated, or deleted. **Handlers** are used to route submitted data to external applications and send notifications & confirmations.

+ Add email

+ Add handler

Next, click add email.

TITLE / DESCRIPTION	ID	SUMMARY	STATUS
There are currently no handlers setup for this webform.			

Save handlers

Reset

Sends a webform submission via an email.
