

How to install ChemDraw for Windows

1. After you request the license via <https://ps.uci.edu/software/chemoffice> ->

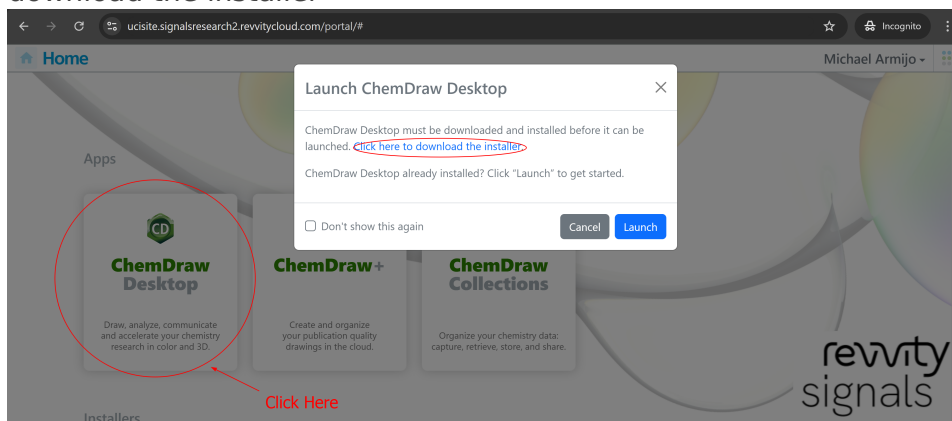

<https://tools.ps.uci.edu/signals/>, you will receive two emails from Revvity: one welcoming email and one for the password reset. Please follow the link in the password reset email.

2. Go to <https://ucisite.signalsresearch2.revvitycloud.com> and sign in with your username (which is your ucinetid@uci.edu and your password from the previous step) **NOTE: If you did not get the email from step 1 in 5-10 minutes, click on the ? icon at the sign-in page to reset your password.**

- Click "ChemDraw Desktop" on the product, on the pop up windows, click on "Click here to download the installer"

- Download the software
 - It should be called something similar to "ChemDraw_xx.x.x.exe"
- Double click on the file you downloaded
- Click on "OK" on the extraction path or set your preferred path and then click "OK"

7. Click on the "Next" button

8. Read and Accept the "License Agreement"
